Appendix B

Regional (Arkansas, Iowa, Kansas, Missouri, Nebraska and Oklahoma States) ZCTA maps for Merchantable trees (roundwood). Pulpwood and sawtimber (growth, removals, and volume in pine plantations, lowland and upland hardwood, softwood and mixed wood).
Figure B1. Regional ZCTA map. Pulpwood Growth in Lowland Hardwood in dry tons.
Figure B2. Regional ZCTA map. Pulpwood Growth in Mixed Wood in dry tons.
Figure B3. Regional ZCTA map. Pulpwood Growth in Pine Plantations in dry tons.
Figure B4. Regional ZCTA map. Pulpwood Growth in Softwood in dry tons.
Figure B5. Regional ZCTA map. Pulpwood Growth in Upland Hardwood in dry tons.
Figure B6. Regional ZCTA map. Pulpwood Removals in Lowland Hardwood in dry tons.
Figure B7. Regional ZCTA map. Pulpwood Removals in Mixed Wood in dry tons.
Figure B8. Regional ZCTA map. Pulpwood Removals in Pine Plantations in dry tons.
Figure B9. Regional ZCTA map. Pulpwood Removals in Softwood in dry tons.
Figure B10. Regional ZCTA map. Pulpwood Removals in Upland Hardwood in dry tons.
Figure B11. Regional ZCTA map. Pulpwood Volume in Lowland Hardwood in dry tons.
Figure B12. Regional ZCTA map. Pulpwood Volume in Mixed Wood in dry tons.
Figure B13. Regional ZCTA map. Pulpwood Volume in Pine Plantations in dry tons.
Figure B14. Regional ZCTA map. Pulpwood Volume in Softwood in dry tons.
Figure B15. Regional ZCTA map. Pulpwood Volume in Upland Hardwood in dry tons.
Figure B16. Regional ZCTA map. Sawtimber Growth in Lowland Hardwood in dry tons.
Figure B17. Regional ZCTA map. Sawtimber Growth in Mixed Wood in dry tons.
Figure B18. Regional ZCTA map. Sawtimber Growth in Pine Plantations in dry tons.
Figure B19. Regional ZCTA map. Sawtimber Growth in Softwood in dry tons.
Figure B20. Regional ZCTA map. Sawtimber Growth in Upland Hardwood in dry tons.
Figure B21. Regional ZCTA map. Sawtimber Removals in Lowland Hardwood in dry tons.
Figure B22. Regional ZCTA map. Sawtimber Removals in Mixed Wood in dry tons.
Figure B23. Regional ZCTA map. Sawtimber Removals in Pine Plantations in dry tons.
Figure B24. Regional ZCTA map. Sawtimber Removals in Softwood in dry tons.
Figure B25. Regional ZCTA map. Sawtimber Removals in Upland Hardwood in dry tons.
Figure B26. Regional ZCTA map. Sawtimber Volume in Lowland Hardwood in dry tons.
Figure B27. Regional ZCTA map. Sawtimber Volume in Mixed Wood in dry tons.
Figure B28. Regional ZCTA map. Sawtimber Volume in Pine Plantations in dry tons.
Figure B29. Regional ZCTA map. Sawtimber Volume in Softwood in dry tons.
Figure B30. Regional ZCTA map. Sawtimber Volume in Upland Hardwood in dry tons.
Appendix C

Kansas ZCTA maps for Merchantable trees (roundwood). Pulpwood and sawtimber (growth, removals, and volume in pine plantations, lowland and upland hardwood, softwood and mixed wood).
Figure C1. Kansas ZCTA map. Pulpwood Growth in Lowland Hardwood in dry tons.
Figure C2. Kansas ZCTA map. Pulpwood Growth in Mixed Wood in dry tons.
Figure C3. Kansas ZCTA map. Pulpwood Growth in Pine Plantations in dry tons.
Figure C4. Kansas ZCTA map. Pulpwood Growth in Softwood in dry tons.
Figure C5. Kansas ZCTA map. Pulpwood Growth in Upland Hardwood in dry tons.
Figure C6. Kansas ZCTA map. Pulpwood Removals in Lowland Hardwood in dry tons.
Figure C7. Kansas ZCTA map. Pulpwood Removals in Mixed Wood in dry tons.
Figure C8. Kansas ZCTA map. Pulpwood Removals in Pine Plantations in dry tons.
Figure C9. Kansas ZCTA map. Pulpwood Removals in Softwood in dry tons.
Figure C10. Kansas ZCTA map. Pulpwood Removals in Upland Hardwood in dry tons.
Figure C11. Kansas ZCTA map. Pulpwood Volume in Lowland Hardwood in dry tons.
Figure C12. Kansas ZCTA map. Pulpwood Volume in Mixed Wood in dry tons.
Figure C13. Kansas ZCTA map. Pulpwood Volume in Pine Plantations in dry tons.
Figure C14. Kansas ZCTA map. Pulpwood Volume in Softwood in dry tons.
Figure C15. Kansas ZCTA map. Pulpwood Volume in Upland Hardwood in dry tons.
Figure C16. Kansas ZCTA map. Sawtimber Growth in Lowland Hardwood in dry tons.
Figure C17. Kansas ZCTA map. Sawtimber Growth in Mixed Wood in dry tons.
Figure C18. Kansas ZCTA map. Sawtimber Growth in Pine Plantations in dry tons.
Figure C19. Kansas ZCTA map. Sawtimber Growth in Softwood in dry tons.
Figure C20. Kansas ZCTA map. Sawtimber Growth in Upland Hardwood in dry tons.
Figure C21. Kansas ZCTA map. Sawtimber Removals in Lowland Hardwood in dry tons.
Figure C22. Kansas ZCTA map. Sawtimber Removals in Mixed Wood in dry tons.
Figure C23. Kansas ZCTA map. Sawtimber Removals in Pine Plantations in dry tons.
Figure C24. Kansas ZCTA map. Sawtimber Removals in Softwood in dry tons.
Figure C25. Kansas ZCTA map. Sawtimber Removals in Upland Hardwood in dry tons.
Figure C26. Kansas ZCTA map. Sawtimber Volume in Lowland Hardwood in dry tons.
Figure C27. Kansas ZCTA map. Sawtimber Volume in Mixed Wood in dry tons.
Figure C28. Kansas ZCTA map. Sawtimber Volume in Pine Plantations in dry tons.
Figure C29. Kansas ZCTA map. Sawtimber Volume in Softwood in dry tons.
Figure C30. Kansas ZCTA map. Sawtimber Volume in Upland Hardwood in dry tons.
Appendix D

Regional (Arkansas, Iowa, Kansas, Missouri, Nebraska and Oklahoma States) ZCTA maps for Agricultural residues (barley straw, corn stover, oats straw, sorghum straw, wheat (all) straw and wheat (winter) straw) total quantity, quantity per acre and harvest cost.
Figure D1. Regional ZCTA map. Barley Quantity in dry metric tons.
Figure D2. Regional ZCTA map. Barley Quantity per Acre in dry metric tons.
Figure D3. Regional ZCTA map. Barley Harvest Cost ($/dry metric ton).
Figure D4. Regional ZCTA map. Corn Quantity in dry metric tons.
Figure D5. Regional ZCTA map. Corn Quantity per Acre in dry metric tons.
Figure D6. Regional ZCTA map. Corn Harvest Cost ($/dry metric ton).
Figure D7. Regional ZCTA map. Oat Quantity in dry metric tons.
Figure D8. Regional ZCTA map. Oat Quantity per Acre in dry metric tons.
Figure D9. Regional ZCTA map. Oat Harvest Cost ($/dry metric ton).
Figure D10. Regional ZCTA map. Sorghum Quantity in dry metric tons.
Figure D11. Regional ZCTA map. Sorghum Quantity per Acre in dry metric tons.
Figure D12. Regional ZCTA map. Sorghum Harvest Cost ($/dry metric ton).
Figure D13. Regional ZCTA map. Wheat Quantity in dry metric tons.
Figure D14. Regional ZCTA map. Wheat Quantity per Acre in dry metric tons.
Figure D15. Regional ZCTA map. Wheat Harvest Cost ($/dry metric ton).
Figure D16. Regional ZCTA map. Winter Wheat Quantity in dry metric tons.
Figure D17. Regional ZCTA map. Winter Wheat Quantity per Acre in dry metric tons.
Figure D18. Regional ZCTA map. Winter Wheat Harvest Cost ($/dry metric ton).
Appendix E

Kansas ZCTA maps for Agricultural residues (barley straw, corn stover, oats straw, sorghum straw, wheat (all) straw and wheat (winter) straw) total quantity, quantity per acre and harvest cost.
Figure E1. Kansas ZCTA map. Barley Quantity in dry metric tons.
Figure E2. Kansas ZCTA map. Barley Quantity per Acre in dry metric tons.
Figure E3. Kansas ZCTA map. Barley Harvest Cost ($/dry metric ton).
Figure E4. Kansas ZCTA map. Corn Quantity in dry metric tons.
Figure E5. Kansas ZCTA map. Corn Quantity per Acre in dry metric tons.
Figure E6. Kansas ZCTA map. Corn Harvest Cost ($/dry metric ton).
Figure E7. Kansas ZCTA map. Oat Quantity in dry metric tons.
Figure E8. Kansas ZCTA map. Oat Quantity per Acre in dry metric tons.
Figure E9. Kansas ZCTA map. Oat Harvest Cost ($/dry metric ton).
Figure E10. Kansas ZCTA map. Sorghum Quantity in dry metric tons.
Figure E11. Kansas ZCTA map. Sorghum Quantity per Acre in dry metric tons.
Figure E12. Kansas ZCTA map. Sorghum Harvest Cost ($/dry metric ton).
Figure E13. Kansas ZCTA map. Wheat Quantity in dry metric tons.
Figure E14. Kansas ZCTA map. Wheat Quantity per Acre in dry metric tons.
Figure E15. Kansas ZCTA map. Wheat Harvest Cost ($/dry metric ton).
Figure E16. Kansas ZCTA map. Winter Wheat Quantity in dry metric tons.
Figure E17. Kansas ZCTA map. Winter Wheat Quantity per Acre in dry metric tons.
Figure E18. Kansas ZCTA map. Winter Wheat Harvest Cost ($/dry metric ton).
Appendix F

Regional (Arkansas, Iowa, Kansas, Missouri, Nebraska and Oklahoma States) ZCTA maps for hardwood and softwood Logging residues (“at-landing” and “in-woods”).
Figure F1. Regional ZCTA map. Logging Residue “at-landing” Hardwood in dry tons.
Figure F2. Regional ZCTA map. Logging Residue “at-landing” Softwood in dry tons.
Figure F3. Regional ZCTA map. Logging Residue “in-woods” Hardwood in dry tons.
Figure F4. Regional ZCTA map. Logging Residue “in-woods” Softwood in dry tons.
Appendix G

Kansas ZCTA maps for hardwood and softwood Logging residues (“at-landing” and “in-woods”).
Figure G1. Kansas ZCTA map. Logging Residue “at-landing” Hardwood in dry tons.
Figure G2. Kansas ZCTA map. Logging Residue “at-landing” Softwood in dry tons.
Figure G3. Kansas ZCTA map. Logging Residue “in-woods” Hardwood in dry tons.
Figure G4. Kansas ZCTA map. Logging Residue “in-woods” Softwood in dry tons.
Appendix H

Regional (Arkansas, Iowa, Kansas, Missouri, Nebraska and Oklahoma States) ZCTA maps for hardwood and softwood Mill residues (“clean” and “unclean”).
Figure H1. Regional ZCTA map. Mill Residue Clean Hardwood in dry tons.
Figure H2. Regional ZCTA map. Mill Residue Clean Softwood in dry tons.
Figure H3. Regional ZCTA map. Mill Residue Unclean Hardwood in dry tons.
Figure H4. Regional ZCTA map. Mill Residue Unclean Softwood in dry tons.
Appendix I

Kansas ZCTA maps for hardwood and softwood Mill residues ("clean" and "unclean").
Figure II. Kansas ZCTA map. Mill Residue Clean Hardwood in dry tons.
Figure I2. Kansas ZCTA map. Mill Residue Clean Softwood in dry tons.
Figure 13. Kansas ZCTA map. Mill Residue Unclean Hardwood in dry tons.
Figure I4. Kansas ZCTA map. Mill Residue Unclean Softwood in dry tons.
